Docket No. 98N-1265 2 99 MAY 18 AM 1:38  
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am a user of compounded medicines & do not want  
such an important issue to get restricted by the government. This is  
a right we all have & should not be taken away. ~~offered~~ My quality  
of life is increased because I choose these medications. I  
can live my life & not be interrupted by hormonal shifts -  
this is very important for all women from peri-menopausal to  
post menopausal ages. Do the right thing.
